<p>II . Detection Review Setting (Omitted)</p> <p>1. Information Transmitted When Using This Setting</p> <p>Following information (“Transmitted Information”) shall be transmitted to FFRI server from a user (“Target User”) who submits the inquiry based on the preceding paragraph. FFRI shall perform the review set forth in the preceding paragraph using Transmitted Information and transmit the review result to Target User when it becomes available. Other purposes of usage of the Transmitted Information shall be as described in Article <u>IV</u>.</p> <p>1-1. Target File (Omitted)</p> <p>1-2. Information To Identify Target User</p> <p>This includes user attributable information registered upon initial usage of this Product and Setting which shall be used for the aforesaid review process and sending back the review result.</p> <p>1-3. Target User’s User Environment For This Product</p> <p>This includes information pertaining to this Product managed by <u>the Product</u> (software version information, the hardware environment in which this Product is installed on, Operating System, applications concurrently running, etc.) that is required for the review of Target File.</p>	<p>II. Detection Review Setting (No change)</p> <p>1. Information Transmitted When Using This Setting</p> <p>Following information ("Transmitted Information") shall be transmitted to FFRI server from a user ("Target User") who submits the inquiry based on the preceding paragraph. FFRI shall perform the review set forth in the preceding paragraph using Transmitted Information and transmit the review result to Target User when it becomes available. Other purposes of usage of the Transmitted Information shall be as described in Article <u>VI</u>. <u>FFRI will not provide Transmitted Information to third parties in any format that could be identified by other third parties, unless otherwise specified by laws and regulations.</u></p> <p>1-1. Target File (No change)</p> <p>1-2. Information To Identify Target User</p> <p>This includes user attributable information registered upon initial usage of this Product, <u>FFRI AMC</u> and <u>this</u> Setting which shall be used for the aforesaid review process and sending back the review result.</p> <p>1-3. Target User's User Environment For This Product</p> <p>This includes information pertaining to this Product managed by <u>FFRI AMC</u> (software version information, the hardware environment in which this Product is installed, Operating System, applications concurrently running, etc.) that is required for the review of Target File.</p>
